

# Morris Polyurethane Flexible Hose

Morris proudly introduces a new line of high-quality urethane hose. Our new MORR-LITE™ hose incorporates the long life and wear resistance of urethane while maintaining maximum flexibility and ease of handling. The use of the most modern manufacturing techniques results in a perfectly clear and concentric hose, ideal for your material-handling applications.

In addition to our new hose, Morris will continue to offer its heavy-duty MORR-THANE™ and MORR-TUFF™ hoses for your more difficult applications. Morris also offers clamps to help complete your hose installation.

## MORR-LITE™

### Economical Food-Grade Polyurethane Hose

Our polyurethane material-handling hose offers superior abrasion resistance and an ultra-smooth bore for excellent material flow. The clear-polyurethane tube enables the user to visually monitor material flow. The rigid helix serves as reinforcement for this extremely flexible hose. This hose complies with FDA standards. Operating temperature ranges from -13°F to 185°F.

MORR-LITE Number	Nominal I.D. (inch)	Working Pressure (psi)	Vacuum Rating (inch HG)	Bend Radius (inch)	Weight (lbs./ft.)	Standard Coils (ft.)
ML150	1.5	15	14.56	1.5	0.156	50
ML175	1.75	15	11.65	1.75	0.190	50
ML200	2	15	11.65	2	0.213	50
ML250	2.5	15	11.65	2.5	0.291	50
ML300	3	15	11.65	3	0.376	50
ML400	4	15	11.65	4	0.566	50
ML500	5	15	8.74	5	0.680	50
ML600	6	15	8.74	6	0.930	50

## MORR-LITE™ W

### Food-Grade Polyurethane Hose with Static-Dissipating Ground Wire

This is the same durable, lightweight and flexible hose listed above. MORR-LITE W contains an integral ground wire to assure a positive ground where static build-up is a concern.

MORR-LITE W Number	Nominal I.D. (inch)	Working Pressure (psi)	Vacuum Rating (inch HG)	Bend Radius (inch)	Weight (lbs./ft.)	Standard Coils (ft.)
MLW150	1.5	15	14.56	1.5	0.156	50
MLW175	1.75	15	11.65	1.75	0.190	50
MLW200	2	15	11.65	2	0.213	50
MLW250	2.5	15	11.65	2.5	0.291	50
MLW300	3	15	11.65	3	0.376	50
MLW400	4	15	11.65	4	0.566	50
MLW500	5	15	8.74	5	0.680	50
MLW600	6	15	8.74	6	0.930	50

Ingredients used to manufacture MORR-LITE hose comply with FDA requirements.
