10"	2-10001	2	9 1/2"

12"	2-12001	2	9 1/2"
-----	---------	---	--------

Provided with rubber gaskets and grounding strips.

OPEN/CLOSE without tools...in seconds

Morris Quickon II Couplers can be installed or removed with a twist of the wrist. No tools or special skills needed. The positive locking system turns easily to seal or to compensate for normal O.D. tubing tolerances.

This in-line coupler is ideal for use where fast takedown and reassembly of lines are essential, reduced coupler weight is desirable, or a system is frequently modified.
